

RITUJA KATORE

Scrum Master | IT Business Analyst | ERP Project Lead
+91 99233 60200 | ritujagagare@gmail.com | Pune / Remote | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Certified ScrumMaster® (CSM) with an MBA from IIM Nagpur and hands-on experience delivering Odoo ERP implementations for external clients as part of a Certified Odoo Partner. Expert in Agile project delivery, business requirements analysis, sprint facilitation, and stakeholder management. Strong analytical foundation built through 6 years of UPSC Engineering Services (IES) preparation — Prelims cleared, Mains appeared — combined with a Mechanical Engineering degree and IIM MBA in Strategy and Operations. Proven track record of improving delivery speed by 25%, eliminating 30% of manual processes, and successfully delivering 4 end-to-end ERP rollouts across pharma and manufacturing sectors.

| • Power BI Dashboard Reporting | • Excel (Advanced) | • Stakeholder Management |
| • Change Management | • Six Sigma Green Belt | • UAT & Go-Live Management |
| • Cross-functional Team Leadership | • Strategic Planning | • Market Research & Analysis |
| • JIRA / Agile Tools | • Data-driven Decision Making | • Vendor Coordination |

PROFESSIONAL EXPERIENCE

Strategic Manager & ERP Project Lead | Dawell Lifescience Pvt. Ltd *Sep 2024 – Present*
Certified Odoo Partner | ERP Implementation & IT Services | Pune, Maharashtra

- Led 2 cross-functional Agile teams of 10+ members as Scrum Master — facilitated sprint planning, daily standups, sprint reviews, and retrospectives. Improved project delivery speed by 25%.
- Managed end-to-end Odoo ERP implementations for 4 external clients across pharma and manufacturing sectors — full lifecycle: requirements scoping, gap analysis, configuration, UAT, go-live, and post-live support.
- Conducted business requirements gathering and gap analysis with client stakeholders across sales, operations, finance, and warehouse functions. Translated business needs into Odoo configuration specs.
- Automated 6 manual workflows across Sales, Inventory, and Accounting modules — reduced manual processing by 30% across client organisations.
- Built live Power BI and Excel dashboards for KPI monitoring, operational reporting, and management decision-making — improved reporting accuracy by 40%.
- Coordinated vendors, developers, and C-suite client stakeholders simultaneously across multi-client delivery cycles.
- Delivered end-user training and change management workshops for 50+ users across client organisations at go-live.

Client Case Studies (Wildrex Solutions | Sai Samarth Equipments | Vedika | AVGE):
<https://ritujakatore.github.io/portfolio/#casestudies>

Market Research Analyst | Mobility Foresight *Mar 2024 – Apr 2024*

- Conducted research on EV, autonomous driving, and smart infrastructure market trends.
- Produced data-driven strategic reports on market opportunities, risks, and competitive positioning.
- Performed industry benchmarking and competitive analysis to support strategic business planning.

Business Analyst Intern | SKF India

Apr 2023 – Jun 2023

- Phase 1 – Mobility Sector: conducted customer behaviour analysis to identify acquisition opportunities; built insight reports for growth and customer engagement strategy.
- Phase 2 – Manufacturing Sector: executed market research and lead identification; conducted stakeholder interviews; collaborated with cross-functional teams to convert research into business strategy.
